GREINAGERÐ UM HUGMYND:

Íslenski Hvalir / Íslenskir fiskar

Hugmyndin er að mála teikningar af íslenskum hvölum og/eða fiskum upp á gaflinn og endurspeigla hversu ríkt haf íslands er.

Ef hugmyndinn næði köri væri það áframhaldandi hugmynda vinna sem þyrfti að vinna til að skera úr um útfærslu hugmyndarinnar. Uppröðu á skyssum veggjanna er ekki endanleg en á einni eru Hvalategundir sem finna má í kringum Ísland, á hinni er mynd af helstu fiskitegundum sávarútvegsins og þeirri þriðu eru allir Íslenskir fiskar.

KOSNAÐARÁÆTLUN:

500.000 - máling, penslar, teyp, rúllur, prent og annað efni
350.000 - vinnuliftalyfta, + flutningur framm og til baka.
2.500.000 - vinna fyrir 3 manns í ca. 10 daga.

Heildarkosnaður = 3.350.000 kr.
